我曾經是一位國際學校的英語課程規劃組長/數學老師，現在是一位網頁全端工程師，對於程式設計和系統開發的熱誠讓我決定轉換跑道全心投入這個行業。充滿好奇心也喜歡嘗試新技術和方法來解決問題。未來三年的目標是接觸更多專案和不同產業的流程，我在尋找可以增加專業技術知識和軟技能的工作，我相信寫程式這條路有學不完的知識。

Before I decided to become a full-stack web developer I was an english program coordinator/math instructor at an international school. My passion for programming, developing and problem solving has led me to this change in my career. I am looking for a job to enhance both my technical skills and soft skills. I believe that there is no limit in programming in terms of learning new skills and knowledge.
