EDUCATION

Jan 2018 – March 2018

Full Stack Web Development Bootcamp, Next Academy, **Malaysia, www.nextacademy.com**
#1 Southeast Asia Coding School. The program focuses on Ruby on Rails, HTML, CSS, Javascript, SQL, git, GitHub and Heroku. Appointed lead developer for final project.

Sept 2010 – June 2014

University of California Irvine (UCI), **Irvine, www.uci.edu,**
Major in Business Economics and Minor in Education

EXPERIENCE

Nov 2015 – Dec 2017 [full-time]

High School ESL Coordinator / Math Instructor, **United Education U.S.A, Yilan Taiwan, www.uedu.us**
Lead English Second Language (ESL) programs from grade 9-12. In charge of designing and developing ESL Curriculum along with supervising and giving teaching feed backs to a group of 4 ESL teachers. As math instructor, I was responsible for preparing and teaching materials daily from a set of pre-written curriculum for Algebra and Geometry courses.

Sept 2014 – Sep 2015 [full-time]

Compulsory Military Service, **Bei Pu Junior High School, Hsinchu Taiwan**
My main duty was to assist English teacher in their classroom. Duties includes leading readings in classrooms and tutoring students. During my time at Bei Pu I also helped graduating seniors prepare for their high school placement tests three times a week, for three months prior the exam.

Sept 2009 – May 2014 [part-time]

High School Students Tutoring, **Self-employed**
During my four years of college I had helped numbers of high school students with their academics after school. I was teaching mostly in the areas of mathematics, chemistry and SAT math.
